Kristine,

Sorry for such a long delay in responding to your 3/3/10 e-mail. Since it's taken me such a long time to reply to your e-mail..., let me recap where we are. I summarized my understanding of the issues, positions, & conclusions we reached during our 1/28/10 DEQ/EPA ARARs meeting in my 2/12 e-mail to you. You provided EPA's comments on to my meeting summary in your 3/3/10 e-mail. EPA's comments were noted as **bold** text (except for the 3 section titles which I had originally included as bold text) & ~~strikeout~~ in the attached file.

In your 3/3 e-mail, you asked if DEQ would like to continue discussion on this matter. Overall, I think we are in agreement on a number of issues, but not every issue. Both DEQ & EPA have now clearly presented our positions, & at this time, I don't think we need to continue the discussion. However, in your 3/3 e-mail you asked DEQ to clarify what we meant by "background". We meant groundwater background, not upriver surface water background.
